Dear recurring manager,

Software Engineering Internship

I am writing to express my interest in the Software Engineering Internship position at your company. I'm a second year undergraduate of Software Engineering at Sri Lanka Institute Of Information Technology (SLIIT) a highly motivated and enthusiastic undergraduate, I am excited to apply my skills and knowledge to contribute to your team's success. During my university projects, I gained hands-on experiences coding using different programming languages, collaborating on software projects and working as a team. Some of my accomplishments include collaborating to create a web application for Hospital System and create a website for a pharmacy. Furthermore, I have excellent problem-solving skills and attention to detail, which have helped me to identify and resolve software bugs and issues. I am also a quick learner and enjoy working in a team-oriented environment. As an intern at your company, I am eager to contribute to the development of new software projects and gain valuable industry experience. I am confident that my skills, experience, and enthusiasm make me a strong candidate for this position. I can be reached anytime from **ireshmagage01@gmail.com** .Thank you for your consideration, and I look forward to discussing my qualifications further.

Sincerely,
Iresh.

IRESH ERANGA

UNDERGRADUATE IN SOFTWARE ENGINEERING

I am a hardworking ,enthusiastic Software Engineering undergraduate , motivated to develop my skills and grow professionally in my field of study. I consider myself a team player with leadership skills and a hands-on approach to tackling projects and accomplishing goals in a most positive way of learning.
